

TJ MAXX

1 Boxes will come down the line with ship-to name. Each PO will have a different Logistics agent.

2 Match up all boxes with the same ship-to and logistics agent and put onto 1 pallet.
****** Large boxes should be placed on the bottom of the pallet

4 Wrap pallet using the clear wrap and attach pallet info sheet
****** secure the freight to the pallet with the wrap by taking 2 turns (2 layers of wrap)

3 When all boxes are on the pallet, scan all HUs to 1 Gaylord and fill out the pallet info sheet (all highlighted fields should have something populated)
